FROM : **THE REGIONAL DIRECTOR**
Field Office VIII

SUBJECT : **INTEGRATION OF SWIDB KNOWLEDGE MANAGEMENT
PORTAL TO DSWD FO VIII DEVELOPED LOCAL KM
PORTAL**

DATE : **3 SEPTEMBER 2024**

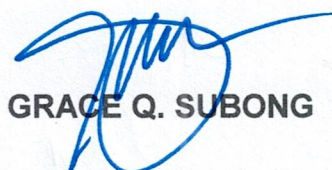

In 2021, we initiated the development of a portal, initially named the Capacity Building Section Portal, which has since evolved into the Knowledge Management (KM) Portal. This platform serves as a centralized hub for showcasing the services offered by the Capacity Building Section.

Over time, we have continuously enhanced and improved the portal, resulting to its official launch and deployment last June 2024 during the Regional Knowledge Fair where it was introduced to internal staff and further promoted through a Regional Memorandum.

To further align our goals with the existing SWIDB-wide KM Portal, we plan to integrate this portal with our local KM Portal. This integration aims to unify our efforts and foster common interests and advocacies in the implementation of knowledge management across both platforms.

Access to the website can be viewed through this link <https://fo8.dswd.gov.ph/km-portal/> and looking forward to a more collaborative engagement in Knowledge Management endeavors.

Thank you.
